The Honorable Charles Schumer Senate Majority Leader United States Senate Washington, D.C. 20515

The Honorable Mitch McConnell Senate Republican Leader United States Senate Washington, D.C. 20515 The Honorable Nancy Pelosi Speaker of the House U.S. House of Representatives Washington, D.C. 20515

The Honorable Kevin McCarthy House Republican Leader U.S. House of Representatives Washington, D.C. 20515

Dear Majority Leader Schumer, Leader McConnell, Speaker Pelosi and Leader McCarthy:

Over 60 companies and consumers from 20 states have signed the following petition circulated by the Coalition for a Prosperous America to support removing Russia from our "Permanent Normal Trade Relations" (PNTR) designation and raising tariffs on Putin. Russia and China are not normal trading partners, and their aggression deserves trade sanctions. Congressional efforts to remove PNTR are the first step to sanctioning Russia.

For the following reasons Congress should eliminate PNTR for Russia:

Tariffs. Revoking Russia's PNTR status would immediately and significantly increase tariffs on all Russian imports. Russian companies are run by oligarchs and the profits help fund Russia's war machine. We need to cut those sales and profits.

Import dependence. The United States is heavily dependent on imports in key industries, including metals, prescription medicines, and semiconductors. Revoking Russia PNTR would strengthen calls in Congress for a "moonshot" effort to rebuild domestic manufacturing.

China. China has openly supported Russia's Ukraine invasion. Eliminating PNTR for Russia would pave the way for a long-overdue revocation of China's PNTR status as well.

Sincerely,

Zach Mottl, Chairman

Coalition for a Prosperous America
